Have you remembered your Carrier Bag?

In Northern Ireland all Carrier Bags cost at least 5 pence.

This includes bags made from plastic, paper and natural materials such as starch.

Retailers are required to charge a 5 pence levy of which is payable to Department of Agriculture, Environment and Rural Affairs.

Bring your own bag and help to make NI a cleaner, greener place to live, work and do business.

Find out more about the carrier bag levy at www.nidirect.gov.uk/baglevy or call 028 7744 2056.
